Public Gets a Chance at the Bookies In at Least Three Events-Three Favorites Win.

The public had a chance to get even somewhat with the bookies yesterday large, of course, as on the day previous, but the crowd was a good sized one and

large, of course, as a good sized one and but the crowd was a good sized one and certainly enjoyed the sport. The track was in fine shape, the going good and three favorites pulled ander the wire. The Turf and Field club presented an animated scene and the grandstand was well filled. In the grandstand was well filled. In the grandstand an important has been made in that the odds on the horses are posted every five minutes on a large blackboard where all can see it.

The surprises of the day came in the last three races. In the third event Martinmas was heavily played though Bonton opened a strong rayorite, but Surety showed splendid form and won the race by a good two lengths. In the fifth it was thought Blilly Myer would have everything his own way, but again there was a surprise party when Valencia came home the winner. Another surcame home the sixth when Aunt Kit, the favorite, was beaten badly by Tavora.

ELKS WORKING HARD FOR DAY AT RACES

If there is not a record crowd of racegoers all bedecked in purple and white at the fair grounds race course next Monday afternoon it will not be the fault of those in charge of arrangements. Everybody interested in the big event, Elks' day, is working hard for the success of the meeting and efforts are being made to proclaim a half holiday. The proceeds of the day are to be used for the entertainment of the thousands of Elks who will pass through this city in July. There are many eastern delegations to pass through Salt Lake and most of them will spend one or two days here. Word has been received that the Sieux City lodge will

Catcher Livingston of Athletics, of Whom Big Things Are Expected

Among the many young backstops who have broken into the major leagues this season and one who gives promise of developing into one of the stars of the American league circuit is Pat Livingston, whom the Philadelphia management obtained from the champion Indianapolis club of the American association last fall. Manager Mack of the Athletics says that with a little more big league experience, Livingston will make the crack backstop in Ban Johnson's league look to their laurels. Livingston is a heady catcher, an accurate thrower and good field general. His good work behind the bat last season materially aided Indianapolis in capturing the flag. The Athletics have another promising backstop in young Lapp. Manager Mack thinks that with these two yongsters and Ira Thomas, the former Detroit catcher, to help out the Athletics will have as strong a backstopping department as several of the other

Charles Clow Getting Ready for Trip To Seattle in New Chalmers Auto -Big Shipment of Ford's.

So far the present week local auto dealers have been busy receiving and disposing of cars. The Botterill comdisposing of cars. The Botterill company has just got in five fine new Chalmers. One is for Chartes Clow, another for W. C. Orem, while a model X Stevens is here for George Austin of the Utah Sugar company.

R. C. Clark an expert engineer of the Stevens company, is in the city and will remain here for several days Jooking over the Stevens cars. In about two weeks Charles Clow will start on his trip from Salt Lake to Seattle in his Chalmers. He has been planning the trip for a long time and expects to make good time on the journey.

EASTERN CARS START.

EASTERN CARS START. EASTERN CARS START.

New York, June 1.—Five motor cars competing for a \$2,000 trophy offered by Robert Guggenheim, started today from the New York city hall on a 4,000-mile endurance run to Seattle.

Mayor McClellan sent them away with a gold meunted starting pistol at 3 o'clock, just before President Taft pressed the button in Washington that officially opened the Alaska-Yukon-Pacific exposition in Seattle.

The cars and their drivers were:
Two 15-horsepower runabouts, Frank Kuly and B. W. Scott.

50-horsepower Acme, George Salzman.

40-horsepower Shawmut, G. A. Pettingill.

45-horsepower Italia. Gus Lechleitner.
There were originally 13 entrants.
When first proposed, the race was discountenanced by the Manufacturers' Concountenanced by the Manufacturers' Contest association, which does not approve speed contests in violation of the law. The American Automobile association took the ground that as an international contest it should be sanctioned. The rules were then amended to provide a schedule within the law as far as St. Louis, thence across the plains and over the Rockies go-as-you-please.

GOOD PROGRAM FOR BICYCLE RACES

Manager Harry Heagren of the Salt Palace track has arranged another good program for the bike races Friday night. The feature will be the match race between Norman C. Hopper and Hardy Downing. It will be best two out of three mile heats, French style.

This race will attract a great deal of interest. It will mark the first appearance on the track of that plucky little rider, Hopper, who was so badly injured last year while riding on the saucer that his life for a long time was despaired of. He has completely recovered and will again appear as a contender for bike race honors, and there is no danger of any more accidents of the kind. The track has been resurfaced and a fall does not mean a bushel or so of silvers. The other numbers on the program are as follows:

Three-mile open lap, professional, and a one-mile handicap professional, An Australian pursuit race and a two-mile open lap race for the amateurs.

"PENNY" GOSSIP.

If you go to the races keep away from the touts, or rather, keep them away from you. If you can't do this tell Capt. Forsee.

The socker game at Park City be-tween the Ensign team and the White Stars resulted in victory for the Park City boys by a score of 6 to L

A baseball team called the Bloomer Girls, now playing in Idaho, is coming here for a game on the 14th. Bert Mar-getts has signed them to play a game on the date with his Independents. In the west side school series the Washingtons defeated the Lincolns yesterday by a score of 11 to 5. The East Side Nationals defeated the Seventh South Stars, 16 to 3, making the third straight win.

Eight hundred trout, aggregating in weight 3,000 pounds, have been gathered

in at the Provo canyon dam by State Fish and Game Commissioner Champers and his assistants. The commissioner has named two more deputy wardens. They are John M. Grow, Huntsville, and Cyrus Davis of Beaver City.

A handsome pennant, bearing the class colors and numerals, has been presented by the L. D. S. U. to the freshman class baseball team. The freshman class line won a majority of the games, taking the first and the last with enough between to land them the flag.

The Olympic meet of the Salt Lake High school, proposed to take place in the near future, is attracting consider-able attention among the students. The competition will be for the Fred C. Rich-mond, Jr., gold medal and there is lit-tle doubt where the trophy will go, George Atkins has so far demonstrated his superiority over the other athletes hat it is safe to say he will get

ALONG GASOLINE ROW.

The Consolidated Wagon & Machine company has just received a shipment of eight mode T Fords which are being unloaded and made ready for service. The company has also got in the long-looked-for Buick, model 17. It is claimed that this car can make the trip to Fort Douglas on high gear.

A motorist in England who has kept an accurate record says that in two years he has driven 10,100 miles at a total cost of \$512.34, which works out \$0.0506 per mile.

The Sharman company has sold a runabout to Dr. Harding, one to Thomas Weir and a 4-cylinder Maxwell to J. C. Ross. A carload has been received and Ross. A carload has tall but two are sold.

On Decoration day I. A. Clayton and a party of friends made a trip to Ogden in a 40-horsepower White Steamer and had a most enjoyable ride. The car covered the distance in splendid time and the party took in the automobile races. A 40-horsepower Studebaker car was sold this week by the Studebaker company to F. W. Gooding of Idaho and the big car has been shipped to him. The cost was \$4.50. An "E-M-F" touring car has been shipped by the same company to A. O. Iverson of Idaho Falls. The company has just got in an electric truck of 7,000 pounds capacity.

A thoroughly modern motor car has been presented to the pope by an anonymous friend, and the Roman pontiff has engaged as chauffeur Cagno, the racing driver who participated in one of the Vanderbilt cup races. The old order changeth, indeed.

S. B. Young, Jr., of the Consolidated Wagon & Machine company, is in receipt of a cablegram from George T. Odell, dated at Pompeil, May 31. The party, touring the country in a big Franklin, is evidently having a fine time. The cablegram says: "Arrived safely: all well, Proceed tomorrow, Our six-cylinder Franklin has successfully traveled 2,550 miles to date."

COURT NEWS

BRINGS SUIT FOR INJURIES. George Bray brought sult in the Third district court yesterday against the Denver & Rio Grande railroad the Denver & Rio Grande railroad company to recover \$60,000 for the loss of his right leg below the knee. In a collision between the first and second sections of train No. 6 near Mapleton, Utah, on May 4, 1909, Bray, who was a fireman, was nurled from his engine. His right leg was so badly injured that it became necessary to amputate it, Bray charges the railroad with negligence in operating the two sections so close together.

NELSON NON-SUITED.

Conrad Nelson's personal injury suit against the Boston Consolidated Mining company was dismissed by Judge Armstrong yesterday afternoon after arguments on a motion for non-suit were heard. It was held by the court that Nelson had no cause for action. Nelson sued for \$1,999 for injuries.
